

Program Strategy Design and Implementation

Helping Hands
Consultancy and
Care Services Pvt.
Ltd.

Helping Hands Consultancy Services provides expert strategy development and implementation to drive impactful programs. We design SMART goals, conduct research to assess ground realities, define program scope and stakeholders, and create detailed implementation plans with a clear budget and timeline. Our Monitoring, Evaluation, Accountability & Learning (MEAL) framework ensures measurable success, enabling organizations to achieve sustainable growth and impact.

Helping Hands Consultancy Services guides organizations in building robust strategies that act as a roadmap for decision-making from inception to evaluation. We:

- ✓ Develop SMART goals & objectives aligned with the Theory of Change
- ✓ Conduct research to identify program gaps
- ✓ Define program scope & key stakeholders
- ✓ Create detailed implementation plans with budget & timelines
- ✓ Establish a Monitoring, Evaluation, Accountability & Learning (MEAL) framework with clear KPIs

With a team of experts across diverse domains, we value differences, uphold ethics, and ensure integrity in every project.

We provide strategy development & implementation in key social sectors:

- ✓ Health Systems & Community Health
- ✓ Water, Sanitation & Hygiene (WASH)
- ✓ Food & Nutrition
- ✓ Drug & Supply Chain Management
- ✓ Pharmacy Management
- ✓ Solid Waste & Air Pollution Management
- ✓ Home-Based Care & Support
- ✓ Community Empowerment

Let's create impactful solutions together!
